

This is my library- the La Grange Park Public Library.

When I walk into the library, I make sure to use my quiet voice.

I can visit the library with my parents, caregiver, or a friend. I always stay with them.

I can take either the stairs or the elevator down to the Children's Department.

Here is the Children's Department desk! I am free to ask a librarian for help if I need it.

I can do all kinds of fun activities in the Children's Department. I can also check things out to use at home or in the library.

I can check out: books, DVDs, audiobooks, activity boxes, Wonderbooks, Playaways, and more.

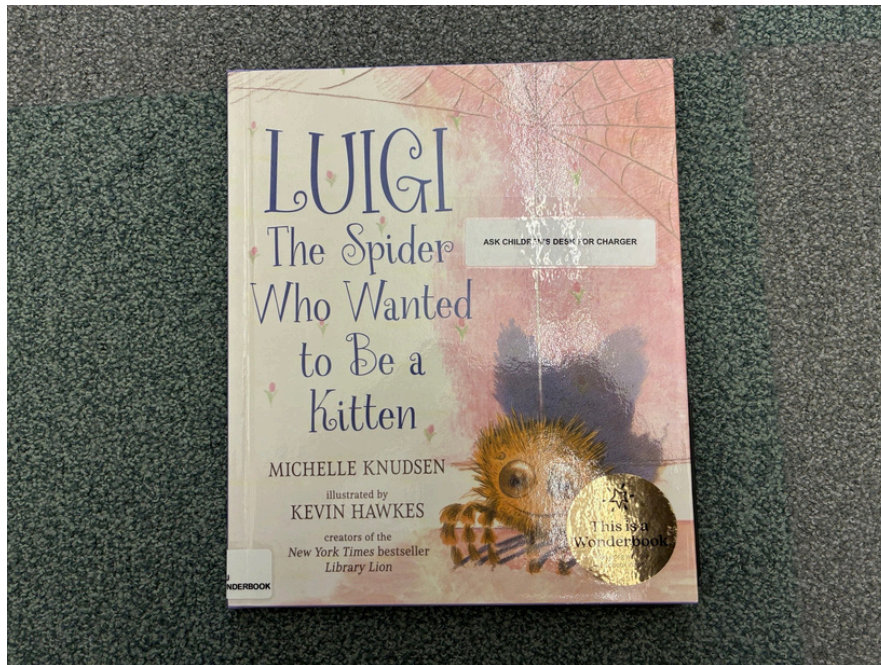

The catalog tells me what is available for me to check out. If I am looking for a title, I can find it here. I can also ask a librarian to help me find anything.

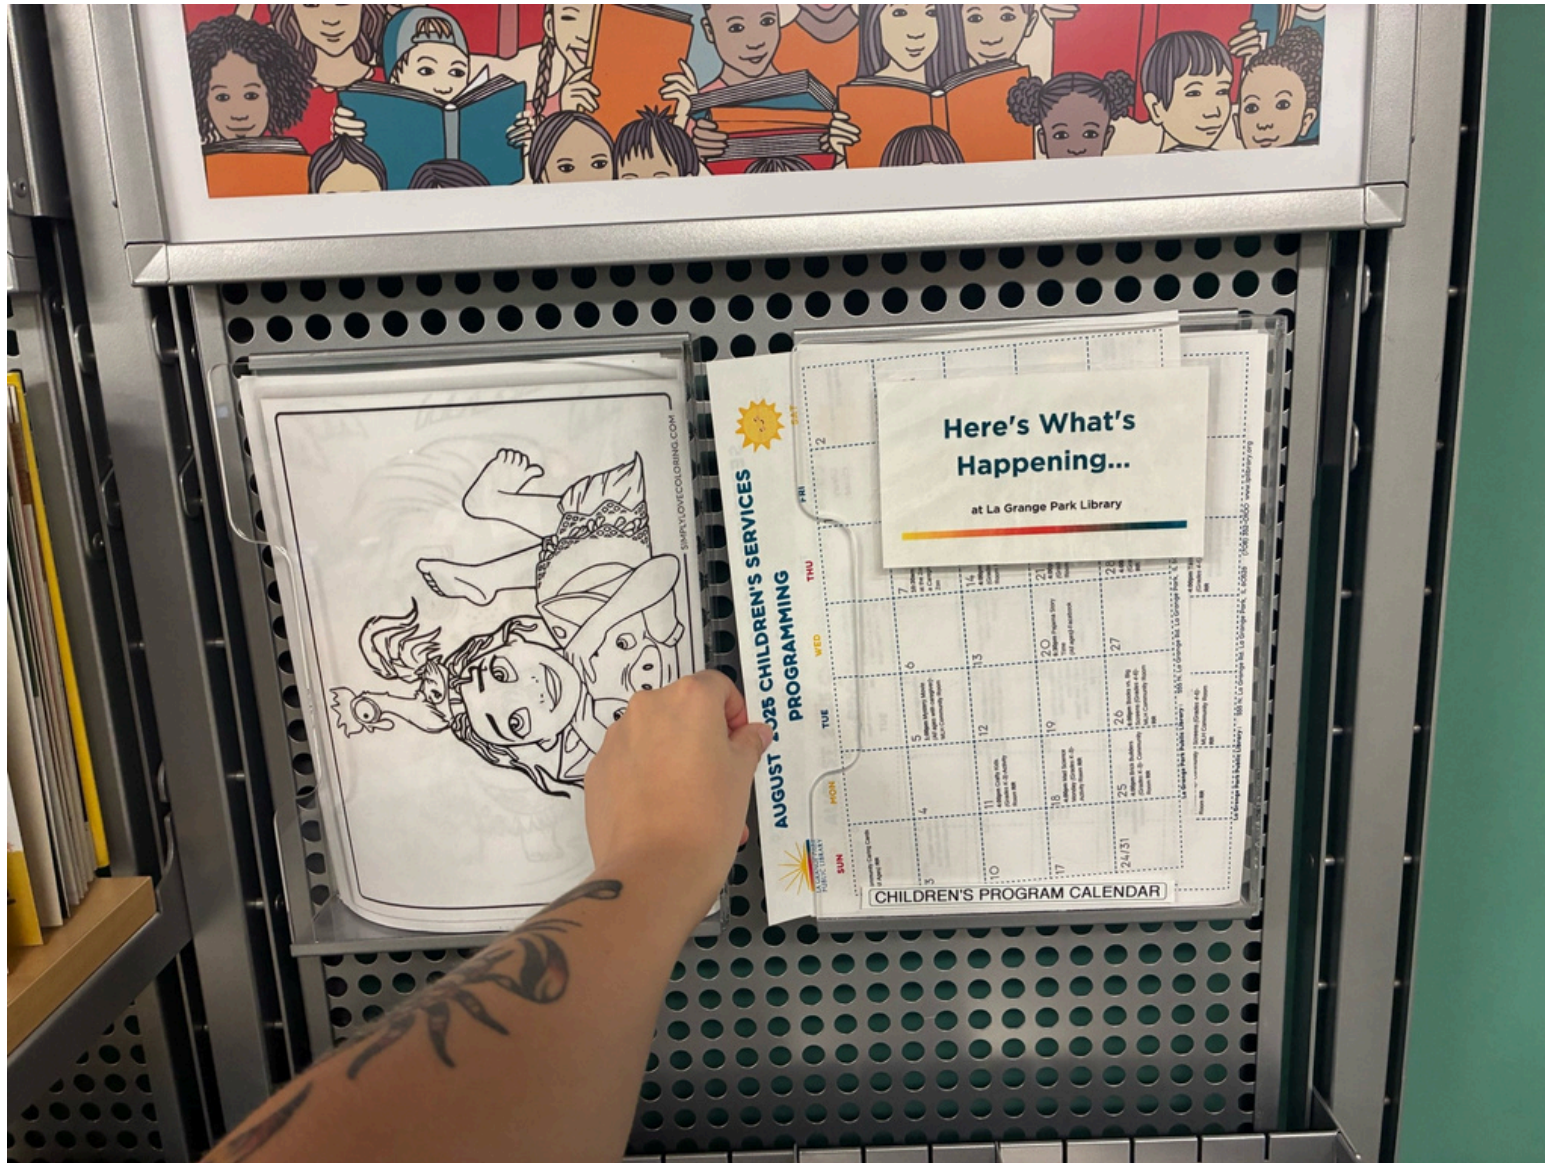

When I am ready to check out, I can use my library card with a librarian at the desk or at the self check-out station. There are self check-out stations on every floor.

**There are all kinds of activity boxes to check out.
When I am done with an activity box I should
bring it back to the librarian at the desk.**

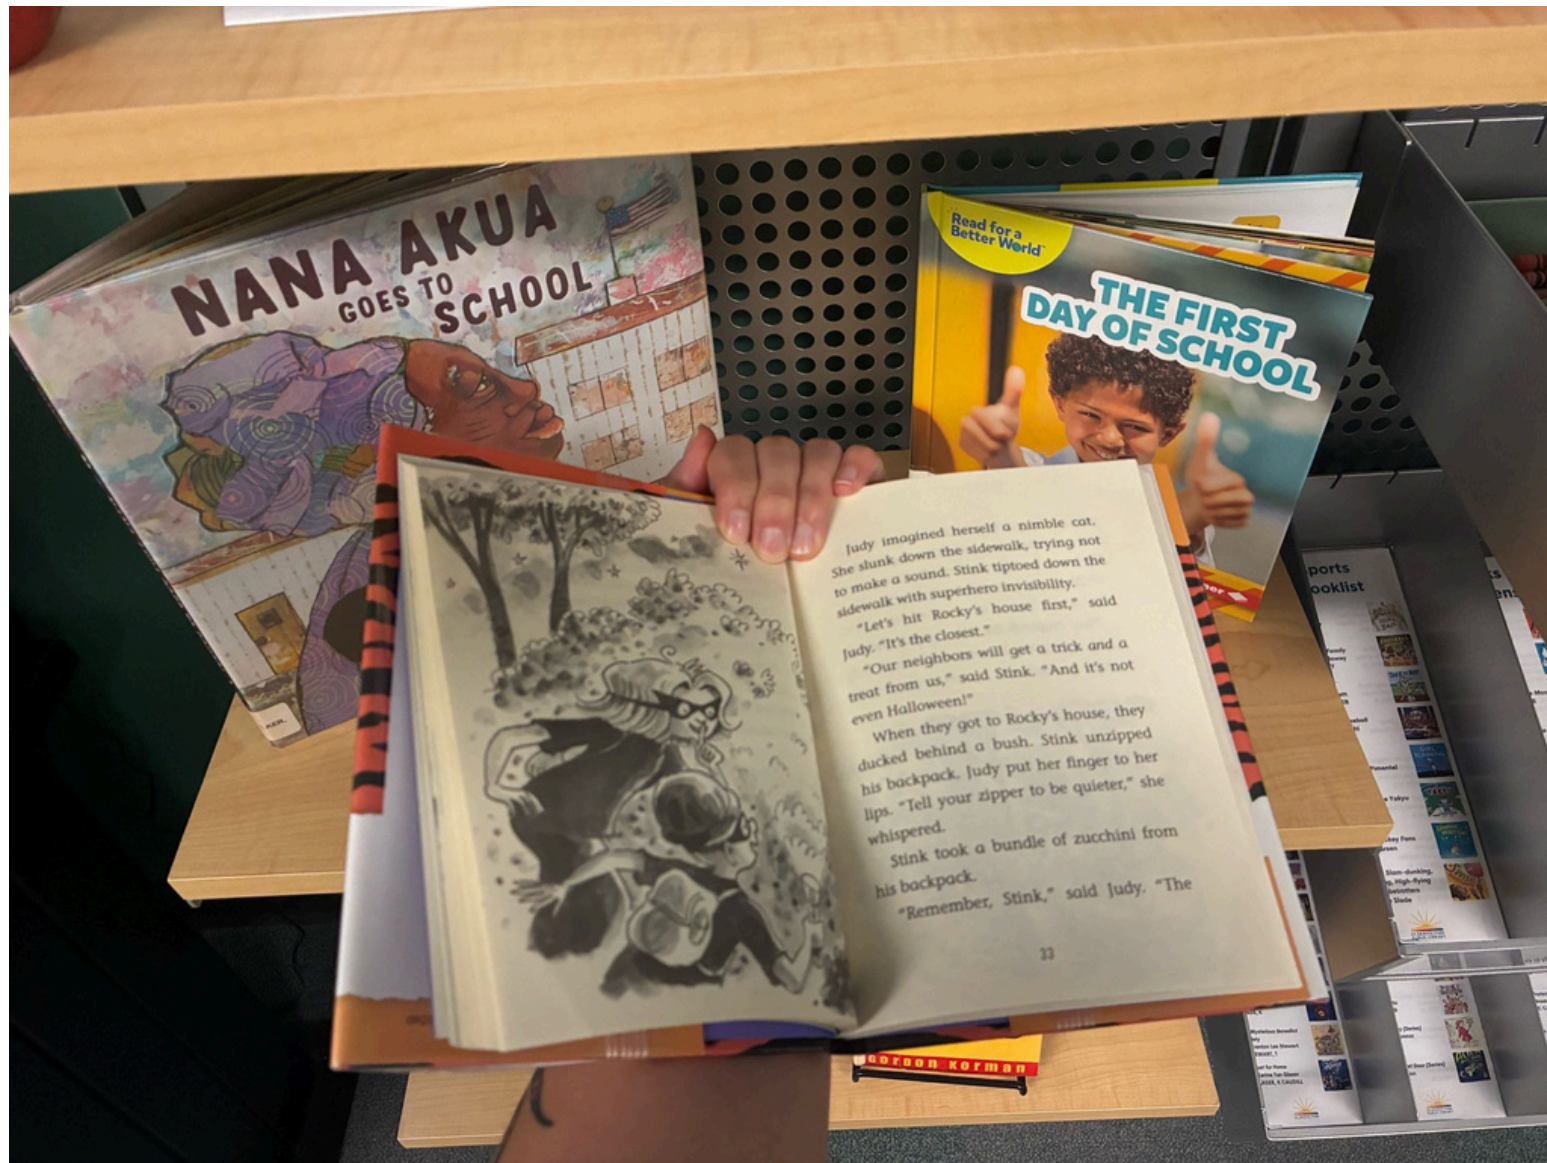

Wonderbooks look like regular books, except they have a speaker that reads the words aloud to me.

If I want to know about any fun classes or programs, I can pick up a calendar on the wall across from the desk.

Even if I don't want to check anything out, there is still so much to do at the library. I can...

...read!

(When I am done looking at a book and don't want to check it out, I should put it on one of the red carts.)

...play on a computer or iPad!
(I can ask the librarian for a computer pass or an iPad.)

...color or do a craft!

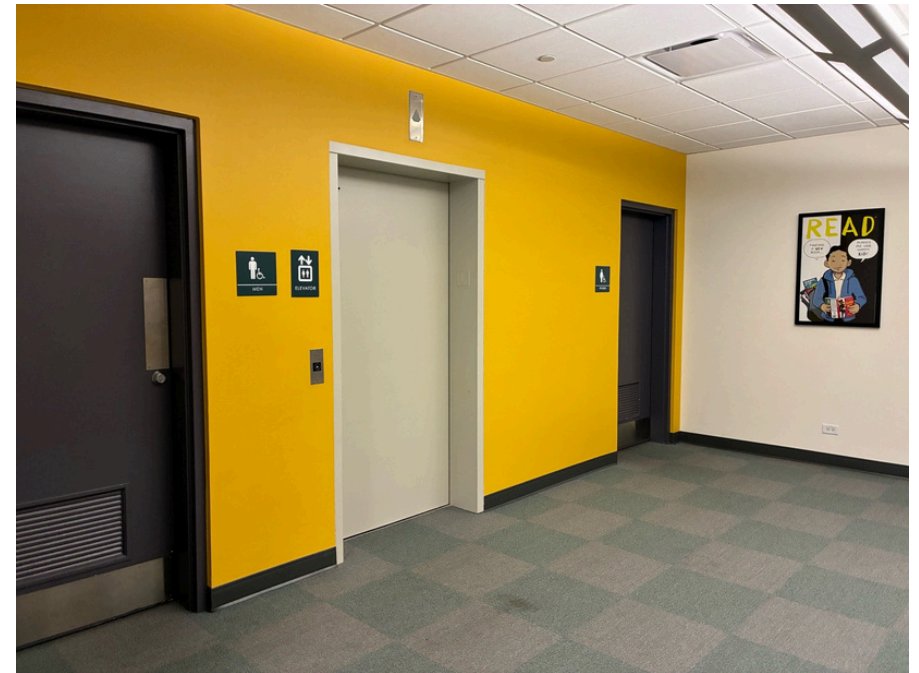

...look at the fish!

...play with blocks, Legos, puzzles, dinosaurs, and more.

There are a few different rooms in the Children's Department.

There is a family restroom near the fish tank, and two bigger restrooms in back of the department.

There is a Quiet Room around the corner. If I need some alone time I can ask a librarian if I can use the Quiet Room.

The Activity Room is near the Quiet Room. If I come to the library for a program, it is likely that it will be in the Activity Room.

If my program is not in the Activity Room, it might be in the Mary Lou Hurley Community Room upstairs.

When I am ready to leave the Children's Department, I can take the stairs or the elevator to the main floor.

Sometimes I like to go all the way upstairs to see the big windows and roof.

When I am ready to leave the library, I can head to the front door on the main floor.

There is a book drop at the desk on the main floor for me to return books that I have checked out.

There is also a book drop outside that I can use, even when the library is closed.

Now it is time to say goodbye to the library. I can't wait to come back!
